

A close-up photograph of a woman with dark hair and eyes closed, gently kissing a baby's forehead. The baby is lying down, and the woman is holding a white tissue to the baby's face. The background is a textured, mottled green and yellow. The text 'put your Love in Action' is written in a black, handwritten-style font in the upper right quadrant. A red heart is drawn below the text. At the bottom of the image, there is a decorative border resembling a film strip.

Action

[True love in action]

Christ willingly gave His *life* for us—a sacrifice that revealed His love for us. God's love can be shared in each of our own life stories, and there are some still yet to be told. These untold stories being written are those of the preborn. They remain unheard because these young ones cannot speak for themselves.

While we can—and should—tell their stories and defend them with our words, we must also put our love into *action*: sharing God's heart of compassion with women and men in crisis, defending the weak and the powerless, and caring for the fatherless. It is our love for one another—including the preborn—that will demonstrate to the world that we are followers of Christ (JOHN 13:35).

We invite you to put your love into action by supporting Life Choices Clinic with your time, talents and finances. Join us in advancing the sanctity of human life and sexual purity. Your support reaches many in this community with the compassion of Christ.
